About Educators for Fair Consideration (E4FC)
Founded in 2006, Educators for Fair Consideration (E4FC) empowers undocumented young people to achieve educational and career goals through personal, institutional and policy transformation. We envision an America where all young people can pursue and complete an education with confidence and without constraint. Our programming is designed by and for undocumented young people with support from committed allies.

1. Engage with an Open Mind
   - When supporting undocumented students, it's important to know that there won't be a single answer or path for all students. Support requires ongoing investigation and collaboration with other service providers and community leaders. When you don't know something, work WITH students to find out answers so that you can share them with other students and colleagues.

2. Create a Safe Space
   - Don't ask undocumented students to self-identify
   - Make resources easily available for all students
   - Understand that trust takes time
   - Be mindful of your language; say “undocumented” rather than “illegal” and avoid terms like “alien” or “illegal immigration”
   - Do all you can to identify YOURSELF as an ally/supporter; use posters, bookmarks, and stickers to make your support visible
   - Get trained by a trusted community organization. In Northern California, you can request an outreach presentation from E4FC: http://e4fc.org/communityeducation/requestapresentation.html

3. Learn about Relevant Institutional Policies & Legislation

4. Find & Advocate for Scholarships and Financial Support
   - Keep track of scholarships that don’t require citizenship or residency. Help students apply to as many available scholarships as possible.
